CALL FOR PAPERS PAPERS SOUGHT FOR WITtec™ April, 2012

Deadline for Submitting Abstracts for Presentations is February 1, 2012

(Indianapolis, IN) The Indiana Industrial Operators Association, Inc. (IIOA) is accepting abstracts of papers to be considered for presentation at WITtec 2012, a conference and exhibition to be announced.

Abstracts and Bios must be received by February 1, 2012.

WITtec is sponsored by the Indiana Industrial Operators Association and will focus on the key issues and challenges facing wastewater treatment. The conference and exhibition will offer a forum for technical dialogue, a products and services showcase, and a wide range of networking opportunities. Both the Indiana Water Environment Association (IWEA) Pretreatment Committee the IIOA hold their annual conferences at WITtec.

Abstracts may address the following technical topics directly related to: industrial wastewater treatment, municipal treatment, chemical treatment, physical treatment, biological treatment, collection and distribution systems, residuals and solids management, plant operations and maintenance, instrumentation, surface water quality and ecology, new treatment technologies, case studies, regulations and water environment policy issues. The latest information is available on the IIOA website. Preference will be given to the selection of Technical topics.

WITtec 2012 participants will include engineers, regulators, government officials, managers, operators, product and service suppliers, consultants, scientists, researchers, and others involved in water environment infrastructure and industrial wastewater issues.

For more information, call IIOA at 1(317) 823-9042 or fax 1(317) 823-8916, e-mail info@iioa.net, or visit www.iioa.net.

Founded in 1995, the Indiana Industrial Operators Association, Inc. (IIOA) is an individual-membership, non-profit professional society, dedicated to the advancement in the profession of wastewater treatment. IIOA fosters this advancement through comprehensive educational programs that benefit everyone involved in this widely diversified industry, along with efforts to educate the community in its outreach programs.

The primary mission of IIOA is to serve professionals in wastewater treatment, to benefit industry and society through education, information and social involvement. Membership is open to all wastewater professionals and those who provide services, supplies, equipment and support to the industry.

Water Quality Protectors – Meet at WITtec
